

JA NFP4Health

Dissemination Event

27 May 2024

Servizzi Ewropej f'Malta – Ministry of Health and Healthy Ageing, Malta

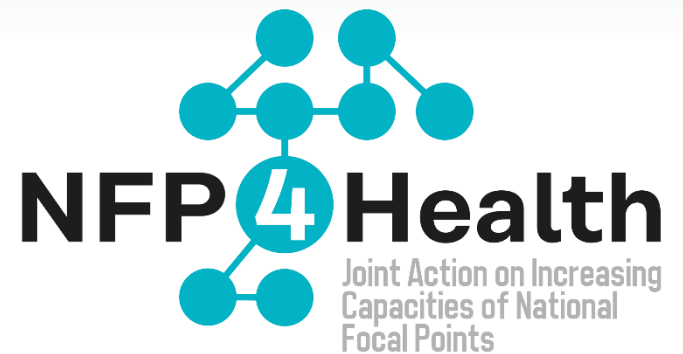

Giovanni Nicoletti – Ministry of Health and EU4Health MFP, Italy

This presentation is part of the action "NFP4Health" which has received funding from the European Union's Health Programme (2014-2020) under grant agreement No 101035965.

JANFP4Health

This presentation is part of the action "NFP4Health" which has received funding from the European Union's Health Programme (2014-2020) under grant agreement No 101035965.

General Objective

Create and maintain an innovative ecosystem to facilitate and support European countries in achieving the priorities of the health objectives set for the period 2021-2027

This presentation is part of the action "NFP4Health" which has received funding from the European Union's Health Programme (2014-2020) under grant agreement No 101035965.

Expected Outcomes

- ✓ Innovative, **sustainable** and coherent network of NFPs that will increase the capacity of MS to design and create sustainable implementation actions
- ✓ Ensure complementarity and synergies with other regional, national and EU policies, funds and programmes

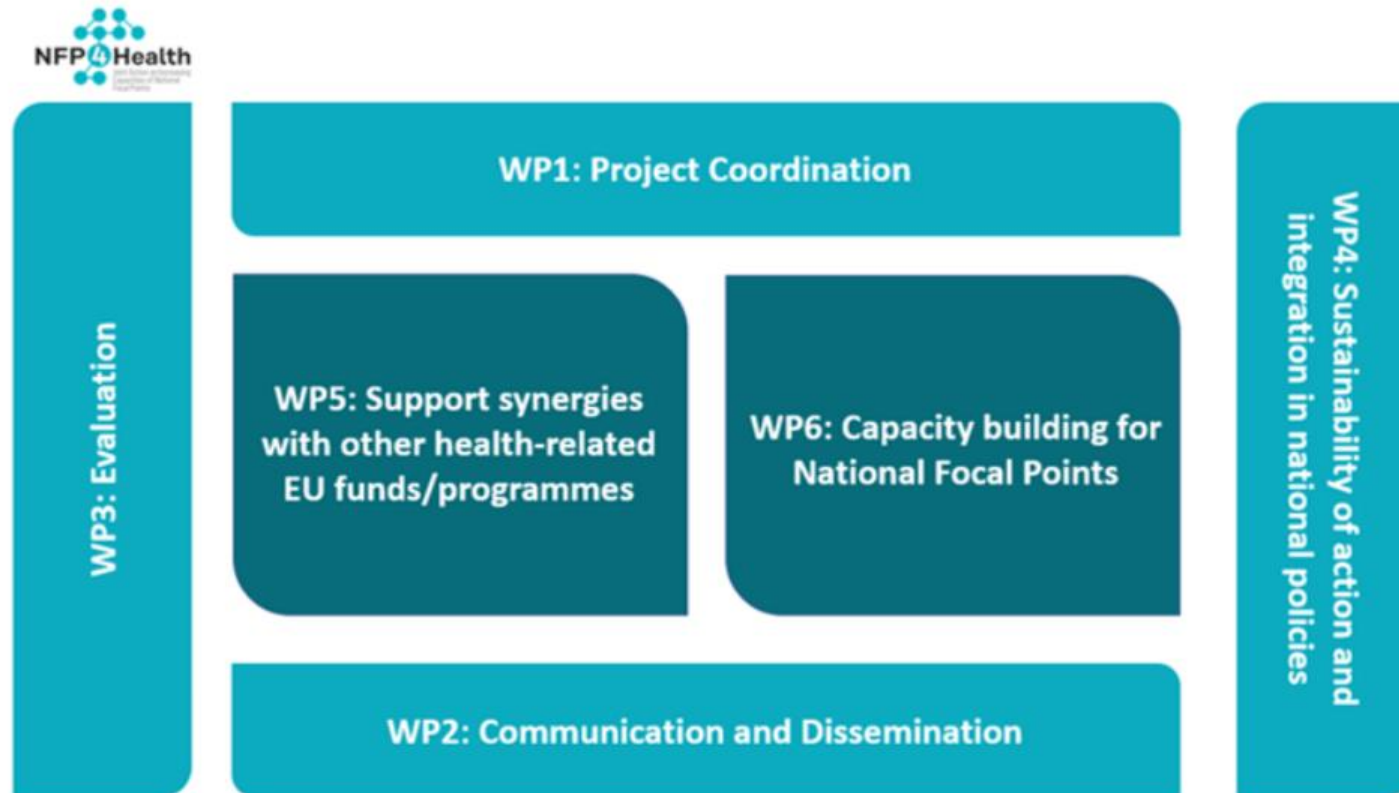

This presentation is part of the action "NFP4Health" which has received funding from the European Union's Health Programme (2014-2020) under grant agreement No 101035965.

Structure

JANF4Health's Work Plan

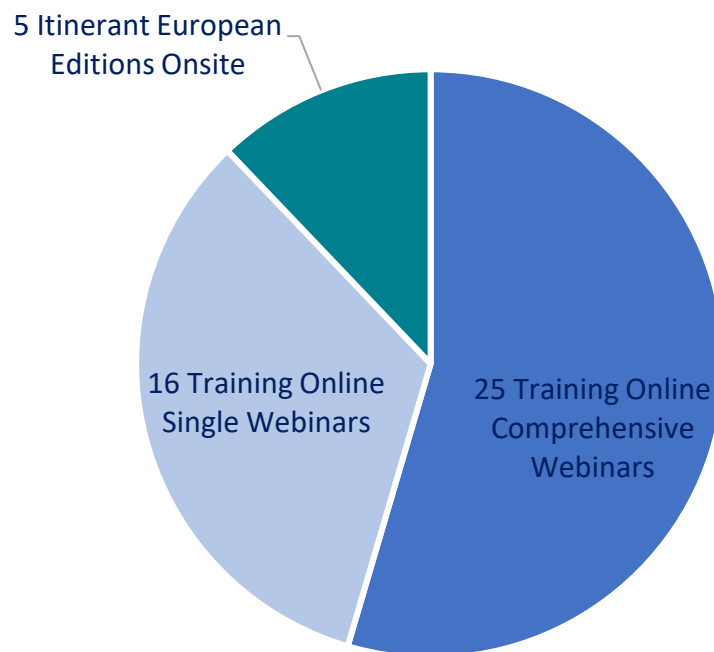

This presentation is part of the action "NFP4Health" which has received funding from the European Union's Health Programme (2014-2020) under grant agreement No 101035965.

Training Programme Implementation M1-M32

Resources available on the JA NFP4Health Website and EU4Health Interaction Platform

JA NFP4Health Training Programme Implementation until M32

■ Training Online Comprehensive Webinars ■ Training Online Single Webinars ■ Training Onsite

This presentation is part of the action "NFP4Health" which has received funding from the European Union's Health Programme (2014-2020) under grant agreement No 101035965.

JA NFP4Health Overview on the latest Relevant Activities

30 November 2023: **Workshop on EU4Health Joint Actions Coordination in Bruxelles & online**

- Highlight the importance of the role of EU4Health Joint Action Coordination being the typology a valuable instrument of EU4Health Programme Implementation

This presentation is part of the action "NFP4Health" which has received funding from the European Union's Health Programme (2014-2020) under grant agreement No 101035965.

JA NFP4Health Overview on the latest Relevant Activities

February 2023 & Ongoing

Synergistic Actions with JA JACARDI - Joint Action on Cardiovascular diseases and Diabetes

- JA NFP4Health Network Supporting the Context Analysis aiming at providing a comprehensive understanding of the current landscape concerning specific aspects of cardiovascular diseases and diabetes prevention and management
- EU4Health NFPs increased collaboration with JA JACARDI Competent Authorities and support implementation at the national level
- Added Value: **Increased role of NFPs & EU4Health Implementation Support**
- **Next Steps:** Presentation of Context Analysis Survey in the upcoming months

This presentation is part of the action "NFP4Health" which has received funding from the European Union's Health Programme (2014-2020) under grant agreement No 101035965.

JA NFP4Health – Work in progress Q₃₋₄ 2024

On-line/Hybrid Workshop on future rules for Joint Actions

- Focus on simplification and consistency with other programmes (eg Horizon)
- Post 2027 perspective (proposals for future Regulation of the EUHP)
- Co – organized with DG SANTE (HaDEA)

On-site Workshop on synergies and thematic approach

- Based on Italian experience (PROMIS) of Summer/Winter schools
- Focus on CVDs? (sinergy with JACARDI and CVDs competitive grants)

This presentation is part of the action "NFP4Health" which has received funding from the European Union's Health Programme (2014-2020) under grant agreement No 101035965.

What Next?

This presentation is part of the action "NFP4Health" which has received funding from the European Union's Health Programme (2014-2020) under grant agreement No 101035965.

JA NFP4Health beyond 2025

- ***EU4H-2024-JA-IBA-08 - Direct grants to Member States' authorities: supporting National Focal Points ('NFPs') in providing guidance, information and assistance related to the promotion and implementation of the EU4Health Programme and other relevant legislation (DP-g-24-34)***
- Dead line Nominations Competent Authorities: July 2024
- Opening Call: September 2024
- Deadline Proposal Presentation: January 2025

This presentation is part of the action "NFP4Health" which has received funding from the European Union's Health Programme (2014-2020) under grant agreement No 101035965.

JA NFP4Health beyond 2025

Policy Context

NFP4Health is a network of national focal points established under the Third Health Programme, which provides advice to potential EU4Health funding beneficiaries at national level and enables wider participation in the EU Health Programme across countries.

The NFPs provide high quality services to potential applicants based on a common sound knowledge of the rules and procedures for the implementation of the EU4Health Programme and of other relevant legislation. There is a need to **maintain and increase the capacity of the public and private entities** from the Member States to design proposals and create actions that deliver successfully on the health objectives for the period 2021-2027

This presentation is part of the action "NFP4Health" which has received funding from the European Union's Health Programme (2014-2020) under grant agreement No 101035965.

JA NFP4Health beyond 2025

Objectives, Scope & Activities

The joint action aims to **assist the Commission in implementing the EU4Health Programme**, by promoting the EU4Health annual work programmes and its calls for applications for funding, supporting the applicants in preparing proposals, **disseminating the results of the funded actions, and mediatise the impacts of the EU4Health actions in the Member States and associated countries to the EU4Health Programme.**

Activities will aim to provide:

- information, communication and dissemination on EU4Health Programme implementation
- training and education on how to facilitate the applications for funding for stakeholders in their own countries
- workshops, seminars, and best practices exchanges, including discussions on possible ways forward to strengthen the NFPs' network and its visibility. **The joint action will maintain and increase the capacities of the NFPs in delivering tailored support to potential applicants implementing the EU4Health objectives.**

This presentation is part of the action "NFP4Health" which has received funding from the European Union's Health Programme (2014-2020) under grant agreement No 101035965.

JA NFP4Health beyond 2025

Expected Results & Impact

The expected results of the joint action are **effective and efficient assistance for the implementation of the EU4Health Programme** and delivery of tailored support to potential applicants implementing the Programme objectives reflected by a wider participation across Member State and increased NFPs' knowledge transfer capacities

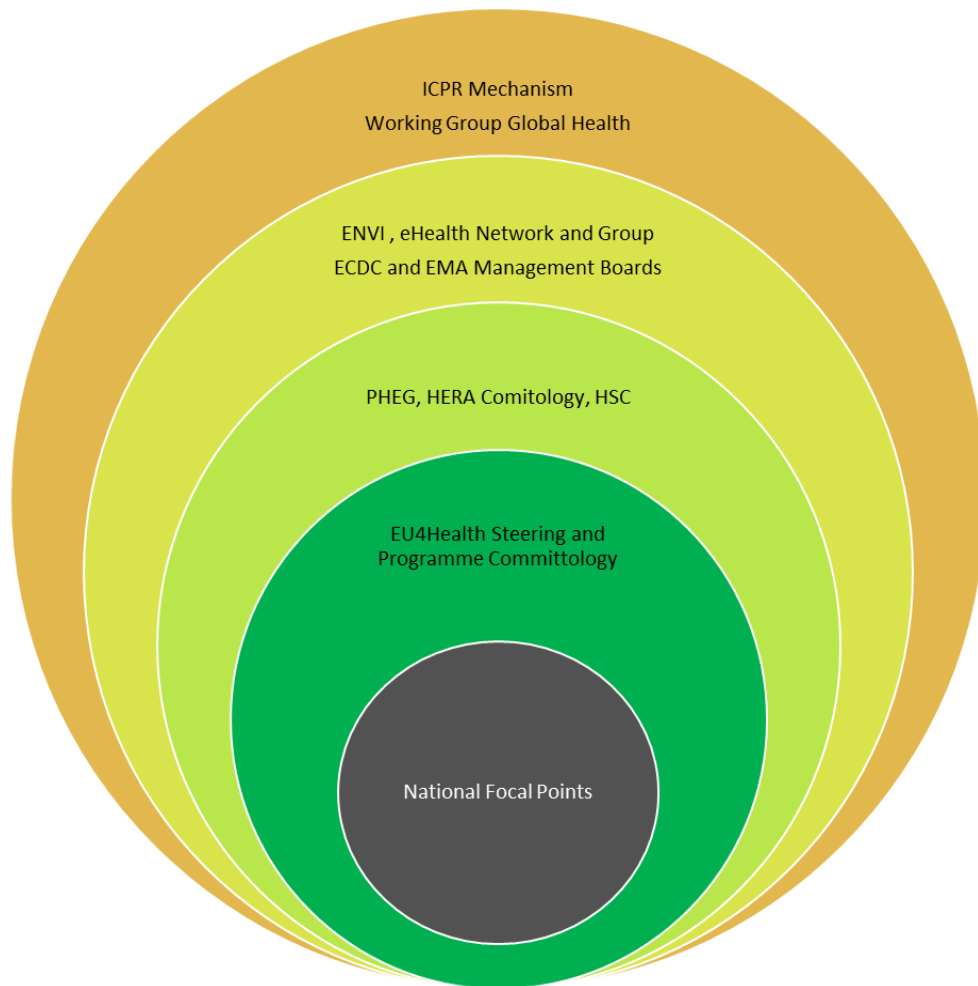

Budget

2.000.000 €

This presentation is part of the action "NFP4Health" which has received funding from the European Union's Health Programme (2014-2020) under grant agreement No 101035965.

Pertinence to establish
collaboration for NFPs with this
stakeholder

Low 1-3

Medium 4-6

Strong 7-8

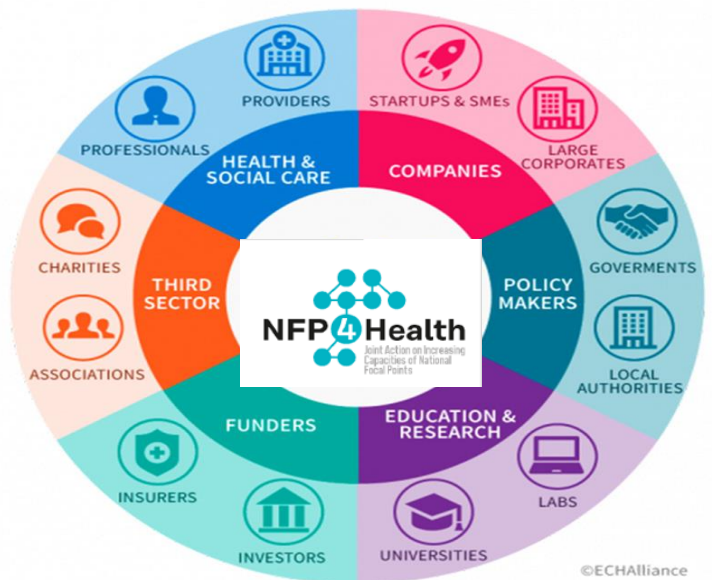

Very Strong 9-10

EU Policy. Bloc's health budget facing uncertain future – EU official

This presentation is part of the action "NFP4Health" which has received funding from the European Union's Health Programme (2014-2020) under grant agreement No 101035965.

An unprecedented funding line for health in the current EU long-term budget will likely be a one-off, said a senior official mulling long-term financing more sustainable than EU funds alone.

Adopted in the wake of the COVID-19 pandemic, the EU4Health programme was the first time the bloc allocated budget earmarked for health – a landmark given health remains a competence firmly in the hands of member states.

The €5.3bn allocation running from 2021 to 2027 is not likely to be repeated, however, according to the director-general of the Commission's health service (DG SANTE).

"This budget has no real continuity in the future. So in many respects, I am trying to go for sustainable financing," Sandra Gallina told a conference in Brussels this week (13 May).

This presentation is part of the action "NFP4Health" which has received funding from the European Union's Health Programme (2014-2020) under grant agreement No 101035965.

Some final (tentative) remarks

Focus on MS more than on NFPs

- Complexity and difference in organisation at MS level
- Evidence that NFPs are more operational and available to cooperate
- Networking essential but health governance must be clear

Focus on sustainability more than on synergies

- Health Programme still much smaller than «potential partners»
- Investment in NFPs still needed but requires strong Programme
- Investment in (public) health at Country level should not depend on EU funding

This presentation is part of the action "NFP4Health" which has received funding from the European Union's Health Programme (2014-2020) under grant agreement No 101035965.
